Pupil Services will be coordinating the 3rd STUDENT RECOVERY DAY

As the new school year begins, the LAUSD typically has high numbers of absent students and potential dropouts. Our priority for this event will be the "No-Show" students; those students who did not return to school for the fall semester. The last event was a great success that resulted in hundreds of students returning to school. This is your opportunity to reach out and make a difference in the life of a student.

THIS WILL BE A DISTRICT-WIDE EFFORT

All principals will be directed to participate on this date by organizing a school-based effort to concentrate on student recovery. Certificated and classified staff from the Central, Local District, and other satellite offices will be assisting targeted schools to recover students by helping schools with:

Phone Calls • Home Visits • Data Entry • Parent and Student Conferences

WITH PARTNERSHIP SUPPORT

This year the Mayor's Office, the City's Community Development Department, and City Year will join us in our efforts to recover students that are not attending school.

Participants are expected to follow up with individual students they connected with on the day of the event.

More information will be coming soon from your unit Director and Local District Pupil Services and Attendance Coordinator. For questions, call Debra Duardo, Director of Pupil Services at (213) 241-3844.
